

3RD ANNUAL BLACK FILM FESTIVAL PT. 2

AUGUST 26 5PM

IN PARTNERSHIP WITH PARRISH ART MUSEUM

The Center is excited to begin our partnership with the Parrish Art Museum. Our Black Film Festival, now in its third year, is a perfect extension of The Center's THINKING FORWARD LECTURE SERIES. The festival is an opportunity to shed light on different cultures and their life experiences. It allows us to continue The Center's outreach to our community. The only way that we are going to come together is to learn more and to spend time with each other.
